Sotai Clinics

.....
This is a hands on clinic targeting the treatment of muscular-skeletal disorders and range of motion issues. Meant for conditions of pain, stiffness, physical trauma and movement restrictions. Additional adjunctive therapies offered as part of the repertoire of Chinese & Asian Medicine therapy techniques.

This is an intensive 1:1 session. Clients will be given homework and provided instructions for at-home treatment.

SPOTLIGHT...What's New in Bodywork?

Maria Schwalm brings Tao Integrated Bodywork Therapy as well as Thai Yoga Massage to Good Life. Both are unique modalities - there's nothing out there quite like each, so until you've tried them, they're a bit hard to fully convey.

Both are tactile-driven therapies. Tao Integrated Bodywork Therapy is Maria's own creation: the integration and culmination of therapies honed after years of experience in the traditional physical therapy field as well as holistic bodywork therapies. She combines physical techniques with breath work, sound healing and energy work. You won't find another therapy quite like this anywhere. It's unique to Maria. It's a results-driven approach customized to each person.

Thai Yoga Massage Therapy is a little bit like sotai, shiatsu, stretching & compression techniques combined into a single session. It's dynamic and addictive.

Sessions with Maria are \$95/hour. We are positive you'll love these sessions. This month, enjoy a \$20 discount when you book either session with Maria. Save \$50 total if you book both any time in September!

New! Very Cool Energy-Work Sessions with Amy - special pricing Sept. & Oct. Call for more info or check out FB!

Unicorn Healing: \$85

Sekham Healing: \$80
